

NOUNS

Nouns are naming words. It names persons, animals, places, things, conditions, ideas etc.

The definite and indefinite article

The definite article "The" is used to specify a noun. i.e. when you want to be specific about the types of nouns. E.g. The tall man. The beautiful girl.

The indefinite article "a/an" is used with a noun when you are not specifying. E.g. This is a ball. A school is a place to learn.
