MECHANICS IN WRITING

Paragraphing : paragraphing is the art of organizing writing into sections called paragraphs, with each paragraph focusing on a single main idea to help readers understand the writer's thought process and follow the progression of information.

A paragraph typically includes these

*Topic sentence

*Supporting sentence with details and examples.

*Concluding sentence that summarizes the main point.

NOTE: Start a new paragraph on a new line, either by indenting the first line or blank line to provide visual separation.

Punctuation: Punctuation refers to the standardized use of special marks, such as periods, commas, and question marks in written language to clarify meaning, convey tone and organize text by indicating pauses, stops, questions and emphasis.

common punctuation marks

1. Full stop or periods (.)

2. comma (,)

3. Quotation marks ("")

4. Colon (:)

5. Semi Colon (;)

6. Hyphen (-)

7. Brackets ()

8. Ellipsis (.....)

9. apostrophe (')

Spelling: some words are commonly misspelt. E.g Beffiting,

beginning, announce, occasion, pudding, shuttle, wiggle, scissors etc.

Short passage that shows punctuation marks

Sarah a Karen photographer , packed her bags for the trip; she needed her camera, lenses, and a sturdy tripod. "will the weather hold ?" She wondered ,looking at the cloudy sky. Her best friend, Davis, called to say "Don't worry ! We ' ll have a great time , but wear a rain coat just in case", he advised.
