

COMPREHENSION

READING TO ANSWER QUESTIONS – Page 121

Reading to answer questions requires that one should read a given passage very well, understand its content and explain what the passage is saying.

STEPS TO ANSWERING QUESTIONS

1. Read the passage very well to understand the writers purpose, locate the main idea and the supporting details.
2. Summarize the main ideas in the passage in a few sentences
3. Identify the key words used in the passage and make a sentence with each of them.
4. Make a replacement of such words with correct alternatives without altering the meaning of the sentence where they appear.

Ensure you don't change the word class each word belong. E.g A noun is replaced with a noun, an adjective with an adjective and a verb with a verb. The tense of the verb will also be the same.

Assignment

Read the comprehension passage and answer the questions on page 121 : 'HIV AIDS, of your class text.
