

Record Keeping

A record is an information about something that is written down or stored on paper, a computer, film e.t.c. so that it can be used in the future. We keep records for reference i.e. so that we can have access to the information whenever we need it. The following reasons are why we need to keep information.

1. We forget important information as human beings.
2. We may need to present some of the document at request in some places.
3. Our ability to keep record shows that we have a good education.
4. It shows that we are responsible, trust worthy and careful
5. We need to keep good records as advance in life to avoid problems and present the records when they are needed.
6. Keeping results, testimonials e.t.c. will help during job interviews e.t.c.
