

Antonyms

Antonyms are words that have opposite meanings. They are words that express contrast or opposition to each other.

For example:

- Hot and cold
- Up and down
- Happy and sad
- Big and small
- Fast and slow

Antonyms can be derived in several ways:

1. By the addition of Prefixes and Suffixes

Adding prefixes or suffixes to words can create antonyms.

Example,

- a. adding the prefix "un-" to "happy" creates the antonym "unhappy."
- b. Adding the suffix "ness" to "Lion" creates "lioness"

3. Totally different word:

Identifying words with opposite meanings naturally yields antonyms.

For example, "hot" and "cold" are natural opposites.
