

INTONATION

Intonation is the ability of the voice to rise and fall while talking. The degree or extent of the rising and falling is called pitch.

Intonation patterns are (1) Rising tune (2) falling tune, (3) fall - rise tune (4) rise - fall tune.

(1) The falling tune :- is the fall in pitch, it indicates that the voice pitch has descended from a higher level to a lower level. The arrow shows the direction of the movement of the pitch. e.g.

(1) statements (a) I love fried plantain (b) she could not see the doctor. (2) WH-Questions e.g (a) what is wrong? (b) who is your father? (3) commands (a) shut up (b) keep going! (4) Advice (a) Eat enough food (b) Buy a blood tonic for yourself.
