

Topic: Comprehension: Comprehending words meanings in context/ Activity- Page 104 section A.

CONTENT: Meaning. How to comprehend the meanings of words in context.

Comprehension: means understanding. To comprehend words in context means to understand the meaning of a given word used in the context or passage.

USEFUL HINTS:

Before the meaning of a word can be given, the contextual usage must be considered, this might be quite different from the general meaning of the word.

When replacing a given word in a passage, test your equivalent in the passage to see if the original meaning of the passage or sentence has been retained. The equivalents should be exact equivalents. For example, you should retain the tense of the original verb; E.g. 'stared' should be replaced by 'gazed'. you must also retain the word class i.e if a word is a noun, it equivalent must also be a noun and vice versa. E.g. **probity**(noun)- **honesty, decency, integrity, uprightness, saintliness**. All these are nouns.

Vehemently (adverb)-**strongly**(adverb), **forcefully** etc.

Jealous (adjective)-**envious**(adjective).

The word given must be equivalent to the word in the context.
