

An article is a word we use before a noun (name of a person, place, thing, or idea). Articles help us know if we are talking about something general or specific.

There are three articles in English:

1. A

Used before a singular noun that begins with a consonant sound.

I saw a dog.

She has a book.

2. An

Used before a singular noun that begins with a vowel sound (a, e, i, o, u).

He ate an apple.

She is an engineer.

3. The

Used when we are talking about something specific or something already known.

The sun is bright.

I read the book you gave me.
